COMPANY PROFILE

Lustre Electrical Ltd has been set up to fulfill the needs of Electrical wholesalers in the UK region. Being the manufacturer and having local presence, it gives our clients the assurance of product quality, timely delivery and price. We have manufacturing facilities in Aligarh and Jamnagar in India and a factory in the United Arab Emirates.

With over 50 years of experience in the field of manufacturing electrical conduit accessories, Lustre has successfully become a recognized brand with approved project supplies in the Middle east, Africa and South-east Asia region. Our quality and service has made us a regular supplier for reputable brands in the Electrical Cable Management field.

MALLEABLE CONDUIT BOXES

Lustre Circular Junction boxes are made in line with BS EN 61386-21 / BS 4568 / BS EN 50086 from malleable Iron with Hot Dip Galvanized finish and excellent corrosion resistance. All junction boxes have 60.3mm internal diameter and come with tapped hole in base for earthing screw.
